ENGLISH

Who is TropLink?

TropLink is a cashew-focused trade intermediary connecting West African supply to international demand through disciplined sourcing, qualified introductions and practical transaction support.

What we do

We source certified cashew lots from African producers and exporters, then connect them with qualified buyers in Europe and Asia based on product type, grade, shipment window and documentary readiness.

Why work with us

Quality verification before buyer introduction.
Export documentation support.
Logistics coordination from origin to shipment readiness.
Transparent commission aligned with the mandate.

How to work with us

1. Share your offer or buying brief.
2. Receive a qualified match with documents and key lot data.
3. Move to sampling, negotiation and shipment coordination.

VALUE PROPOSITION / PROPOSITION DE VALEUR

TropLink acts as a reliable bridge between African cashew supply and qualified international demand, with traceable information, export-ready documentation and commercially transparent execution.
